

DA1432 indePendant™

indePendant Living

DA1432 is a DECT Pendant for elderly and people with disabilities who want to live at home even if they are predominantly alone. It maintains contact with family & friends, reminds its user to take medicine when appropriate and - most notably - has a **reliable Fall Detector** with automatic alarm handling.... compatible to any standard DECT Base Station at home and without any monthly fees and contracts.

Communication - stay in touch

-  **Telephony**
-  **Help Call Sequence**
-  **Family&Friends Contacts**
-  **Emergency Contacts**

Daily Assistant – be informed

- native Voice Announcements** 
- Out of Range notification** 
- Low Battery warning** 
- Reminder** 

Usability - easy to use

-  **Voice assisted guidance**
-  **Do not Disturb Function**
-  **contactless Charging Capability**
-  **PC App for individual configuration**

Security – feel safe

- Smoke Alarm Caller** 
- Alerts via Audio/LED/Vibr.** 
- Fall Detection with Automatic Call** 

Product Description

DA1432 indePendant™ serves as a personal device with **Voice Announcements** as well as central **Call Button** ① for Help Calls, convenient **Side Keys** ② for several adjustments, multicolour **Status LED** ③ to indicate summary status, large **LED Ring** ④ to signal call status, hands-free **Loudspeaker** ⑤ and high-sensitive **Microphone** ⑥. In case urgent help is needed, the user can press the Call Button anywhere in the home and immediately be connected with relatives, friends, neighbors or health care providers as determined by the help call numbers configured via **PC App** through **MicroUSB** ⑦.
